Vail, Colorado USA

Zürs/Lech AUSTRIA

28.01 - 01.02
2020

MEISINGER'S

10TH ANNUAL HIGH ALTITUDE COMPREHENSIVE IMPLANT SYMPOSIUM

SYMPOSIUM HIGHLIGHTS

The 10th Annual High Altitude Comprehensive Implant Symposium will feature lectures and optional hands-on workshops by world renowned speakers. There will be 7 limited attendance workshops.

LEARNING OBJECTIVES

Participants will gain an understanding of:

- Current Advancement for Bone Augmentation
- Prosthetic Driven Implant Placement
- Digital Technology and Implant Surgery: Building a New Standard
- Implant Abutment Design and Clinical Workflow in the Esthetic Zone

COURSE INTENT

Bone Management® is key to successful implant procedures. "Tissue is the Issue but Bone Sets the Tone." Besides the prosthetic aspect, achieving minimally invasive surgical techniques, along with predictable results, facilitates less traumatic and more controlled surgical procedures. This course outlines implant treatment planning, site preparation, crestal sinus elevation, bone augmentation/transfer control, implant placement, surgical basics in implantology, and much more. Bone Management® is not simply limited to a technique but rather to a mindset and surgical guidelines.

COURSE FEE INCLUDES

- Four hotel nights at ROBINSON Club Alpenrose Zürs
- Breakfast (Wednesday, Thursday, Friday, and Saturday)
- Lunch (Tuesday, Wednesday, Thursday, Friday)
- Morning and Afternoon Breaks each full day of Symposium
- Dinner (Wednesday & Thursday)
- All General Session Lectures
- Welcome Reception & Dinner (Tuesday Evening)
- Closing Dinner & Awards Ceremony (Friday Evening)
- Ski-Race (Friday Afternoon)

VENUE

ROBINSON Club Alpenrose Zürs

THE WORLD'S BEST SKI RESORTS 2017/18

Ski Arlberg - New Front-Runner: Ski Arlberg Takes over the Throne

Surprise, surprise; there is a new leader of our top 10 ranking: Ski Arlberg made its way to the throne thanks to its very high rating across all ten test categories. Investments such as the new Flexenbahn and the Trittkopfbahn 1 and 2 have obviously paid off. Due to the merger of St. Anton with Lech Zürs and Warth-Schröcken, Ski Arlberg became Austria's largest ski area. This means that skiers have a total of 305 km of runs at their disposal. In addition, a whopping 200 km of slopes where the powder stays deep and light are available. Ski Arlberg convinced us in all categories during our test. Beginners and families will feel just as comfortable on the numerous groomers of all levels of difficulty as professionals and freeride skiers. The most modern lifts, excellent restaurants and its legendary après-ski scene top it off.

19:30 pm - 21:30 pm	Closing Dinner and Awards Ceremony

SATURDAY - FEBRUARY 1, 2020	
07:00 am - 8:00 am	Breakfast
until 12:00 pm	Departures

Schedule is subject to change

TOP SPEAKERS

WITH GREAT LECTURES AND FATASTIC WORKSHOPS

MICHAEL S. BLOCK, DMD

Michael Block graduated from the University of Rochester in 1975, attaining both a BA in Biology and a BS in Biomedical Engineering. He completed his dental training at the Harvard School of Dental Medicine in 1979, receiving his D.M.D. cum laude in a special field. He completed his residency program in Oral and Maxillofacial Surgery at the LSU School of Dentistry in 1983. He remained at the LSU School of Dentistry achieving the faculty level of Professor in the Department of Oral and Maxillofacial Surgery. He was teaching one day a week in the dental school's implant program but now dedicates full time to taking care of his patients in his private practice.

ISTVAN URBAN, DMD, MD

Istvan Urban received his DMD degree and subsequently his MD degree from Semmelweis University School of Medicine and Dentistry (Budapest, Hungary) in 1991 and 1996. He completed a full time program in oral surgery at St. Istvan Hospital in Budapest, Hungary (1992-1996). He completed his internship program in Periodontics at UCLA. After he graduated from the Fellowship Program (1999-2000) in Implant Dentistry at Loma Linda University in Loma Linda, California, he was appointed assistant professor the following year. Dr. Urban teaches implant dentistry in the graduate program at Loma Linda University. He is licensed in the state of California (USA) and has a private practice in Budapest, Hungary. Istvan Urban received his PhD degree in Periodontology in 2012 at the University of Szeged, Hungary. He is currently an honorary professor at the University of Szeged. Istvan Urban has published scientific articles and text book chapters on bone regeneration and soft tissue reconstructive surgery around dental implants.

STAVROS PELEKANOS, DDS

Stavros Pelekanos graduated School of Dentistry, National and Kapodistrian University of Athens in Greece and received Doctoral promotion Dept. of Prosthodontics, School of Dentistry, Albert-Ludwigs University of Freiburg, Germany. He was a clinical instructor, Dept. of Prosthodontics, School of Dentistry, National and Kapodistrian University of Athens from 1994-2001. He has published many scientific articles and abstracts, 1 chapter in a book, and received 2nd prize at the scientific award competition of the EAED in Madrid, Spain, 2008.

DANIEL CULLUM, DDS

Daniel Cullum completed his DDS with distinction at the University of Alberta, Canada, and residency training at Westchester Medical Center, New York. Daniel Cullum is a Diplomate of the American Board of Oral and Maxillofacial Surgery. He speaks internationally and has contributed publications and textbook chapters on implant reconstruction. He has served in leadership roles with the American Association of Oral and Maxillofacial Surgeons (Dental Implant Sub-Committee), Academy of Osseointegration (Newsletter Committee), Kootenai Medical Center (Chairman, Department of Surgery), and at state and local societies. At Implants Northwest (Coeur d'Alene, ID), he practices Oral and Maxillofacial Surgery with emphasis on immediate and minimally invasive techniques in esthetic implant reconstruction. Daniel Cullum is also president of Implants Northwest LIVE Learning Center which emphasizes training in advanced techniques for surgeon/restorative teams using LIVE surgery and hands-on application in a small group environment.

UNIV. PROF. DR. DR. H. C. GEORG-HUBERTUS NENTWIG

1971-77: Education in Dentistry at the University of Cologne, 1978: D.D.S., 1977-79: Military Service, 1979: Assistant and postgraduate education at the Clinic of Maxillofacial Surgery, University of Munich, 1982: Postgraduate degree as Oral Surgeon, 1988: Professor for Oral Surgery at the University of Munich, 1991: Head and Chairman of the Department of Oral Surgery, Goethe-University, Frankfurt, 2002: Extension of the department to Department of Oral Surgery and Implant Dentistry, 2003: Fellow of The Royal College of Surgeons, Faculty of General Dental Practitioners, London, UK, 2009: Co-Founder & Co-Director of the Master Oral Implantology (MOI) program, Goethe-University, Frankfurt dental implants.

MR. ASHOK SETHI BDS, DGDGP (UK), MGDS, RCS (ENG), DUI (LILLE), FFGDP (UK)

Ashok Sethi has pioneered, in the UK and internationally, the art and science of surgical and restorative implant dentistry for 25 years. His practice is totally dedicated to implants, achieving outstanding success rates in terms of predictability as well as aesthetic and functional outcome. He conceived and taught the Diploma in Implant Dentistry of the Royal College of Surgeons of England. He is the director of the recently established PID – Academy providing postgraduate education and training in practical implant dentistry. He is a founding member and past president of the ADI and has been elected as an honorary life member of the Association. He has written a book “Practical Implant Dentistry” jointly with Thomas Kaus, which is published by Quintessence International and has been translated into 10 different languages. The 2nd edition, “Practical Implant Dentistry–the Science and Art”, is now available.

GILES B. HORROCKS, DDS, MS

Giles Horrocks completed his specialty training in Periodontology in the Department of Medicine and Surgery at the Veterans Administration Medical Center in Milwaukee, Wisconsin. He is board certified and a Diplomate of the American Board of Periodontology. He has written a chapter on Piezosurgery Assisted Controlled Ridge Expansion and has a recent publication in the International Journal of Periodontics and Restorative Dentistry on a technique he developed called Controlled Assisted Ridge Expansion (CARE), which is a minimally invasive surgical approach to alveolar bone volume enhancement. He has also recently published a chapter on Periodontal and Peri-Implant Soft Tissue Surgery in Minimally Invasive Dental and Implant Surgery by Wiley Blackwell.

RAWAD SAMARANI, DDS, DES, MRES

Rawad Samarani graduated as Doctor of Dental Surgery in 1998, and in 2002 he graduated in Periodontology (Diplôme d'Etudes Supérieures) from the Saint-Joseph University in Beirut. Since 2002, he is a member of the Periodontology Department of the Saint-Joseph University where he is serving as a senior lecturer and a clinical instructor. In 2013, he obtained from the same school a Master of Research. He published 13 papers in international peer-reviewed journals including the European Journal of Oral Implantology, the International Journal of Oral and Maxillofacial Surgery, the Journal of Oral Implantology and the Journal of Maxillofacial Surgery. He is the author of the chapter "Revisiting Guided Bone Regeneration in the Esthetic Zone" in the textbook „Advances in Esthetic Implant Dentistry“ published by Wiley-Blackwell. He is lecturing and giving courses in several international venues on guided bone regeneration, immediate loading and immediate implantation in the esthetic zone.
